

## Preview #2 of Aleddra LED Lighting Products at LightFair

- LIGHTFAIR International, Booth #2259, April 23-25, 2013, Philadelphia, PA, [more ...](#)

**Aleddra EasiRetrofit™ LED T8** is the most popular LED tube for retrofit with existing T8/T12 fluorescent fixtures and troffers. It supports both *shunted* and *non-shunted* lamp-holders and saves 30-50% installation time and labor cost when compared to other LED tubes. It is UL 1598C classified and comes with 5-year warranty. EasiRetrofit™ tube in troffer, highbay fixture, vapor-tight fixture, and stairway casing will be on display at LightFair booth #2259.

**Aleddra Star LED Highbay Fixture** with an efficacy of 90 lumens per watt provides 12,500 lumens at 135W. It offers CRI>70 and a Power Factor > 0.9. Aleddra Star Highbay is cULus certified, rated for more than 50,000 hours and backed by 5-year warranty. The combined benefit of Aleddra Star Highbay features is to greatly reduce the energy consumption and the maintenance cost for our customers, resulting a quicker project payback period when compared to other LED highbay products.

**Mini Light Tower 6000**, a portable light with twin LED lamps, is ideal for work area lighting in both indoor and outdoor environment. At 100Wx2 and efficacy of 87.5 lumen per watt, the Mini Light Tower 600 can replace 400Wx2 HID lamps with 75% energy saving or can operate four times longer when on generator or battery. The LED lamps lasts at least twice as long when compared to HID lamp, thus getting the most out of your investment in work area lighting.

**Wifi Controllable LED Light** will be demonstrated at Aleddra booth during LightFair. By using an app on iPhone/iPad/Android phone to control the lighting of an LED strip, you can now be a light-DJ and entertain your guest. Stop by Aleddra booth #2259 at LightFair and try the LED Light Show app for fun.
