- IP65 rated
- Motion sensor optional
- 10-year warranty

Product Compliance & Certifications:

- UL certified

Description

Aledra's Economy Vapor Tight luminaire is a cost-effective upgrade for existing fluorescent vapor tight fixtures.

The immediate benefits include a 50% savings on energy consumption, longer operational life, and lower maintenance costs.

The Economy Vapor Tight fixture comes in a 2-lamp or 3-lamp configuration in 2-ft or 4-ft models.

It has an IP65 rating, so it can be used in any wet location.

It's ideal for stairwells, parking garages, and loading docks.
